

# Tracing plastic

www.umweltbildung.at/plastikplakat

What can we do to reduce plastic pollution?

How will we get plastics out of the ocean?

Why do we need so much petrol?

Why shouldn't I flush my trash down the toilet?

How can I do my laundry in an environmentally friendly way?

Is bio-plastic the solution?

A cool t-shirt, but don't I have enough?

Check your product: Does it contain microplastic?

How does microplastic get into my food?

What's the best way to dispose of this PET bottle?

How does microplastic get into the soil?

Why is there so much trash floating in the river?

What is this flooring actually made of?

How and where can I shop plastic-free?

Why do we need so much plastic in construction?
